## Grundfos – SQ/SQE Constant Pressure System

- Residential/Cottage Water Supply
- Constant Pressure

### Reliable Check Valves

Reliable built-in spring loaded check valves let you operate the pump in any position from vertical to horizontal.

### Rugged Design

The SQ/SQE pump design uses "floating" impellers. Each impeller has its own tungsten carbide/ceramic bearing. This design, and its high quality materials make the SQ very wear resistant--especially in sandy conditions.

### Permanent-Magnet Motor

SQ & SQE motors are based on a permanent-magnet rotor which produces high efficiency output within a wide load range. The high and flat efficiency curve of the permanent-magnet motor covers a wide power range with the same motor, as compared to conventional AC motors. The SQE pump, motors range from 1/3 to 1.5 horsepower.

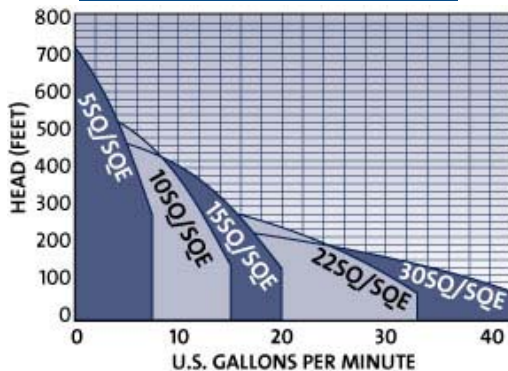

### Advanced Electronics

By combining advanced electronics, permanent-magnet motors, and Grundfos' own micro-frequency converter, users are now able to control, and communicate with pumps in ways never before possible. Some of the benefits derived from these features include Constant Pressure Control, Soft-Start and integrated Dry-Run Protection.

### PERFORMANCE:

**Toronto - HO**  
 65 Enterprise Rd.  
 Rexdale, Ontario  
 M9W 1C4  
 Tel: 416-244-6476  
 Fax: 416-241-2022

**Orillia**  
 129 Forestplain Rd.  
 Orillia, Ontario  
 L3V 6H1  
 Tel: 705-329-0088  
 Fax: 705-329-1829

**Tillsonburg**  
 37 North St. E.  
 Tillsonburg, Ontario  
 N4G 1B4  
 Tel: 519-688-0220  
 Fax: 519-688-0621

**Ottawa**  
 1149 Newmarket St.  
 Ottawa, Ontario
